

SAIFEE HOSPITAL

International Conference on
"Pulmonology"
A multi-disciplinary approach to diseases of the "Pulmonology"

SAIFEE HOSPITAL

under the auspices of Saifee Hospital Trust Reg. No. E-5448 (Bom)

Timing	Topic	Speaker
SESSION 3		
LUNG TRANSPLANT		
02.45 - 3.15 pm	Lung Transplant – U.S. Experience	Dr. Deborah Jo Levine University of Texas San Antonio - USA
3.15 - 3.45 pm	Lung Transplant - Indian Experience	Dr. Apar Jindal -Chennai
3.45 - 4.15 pm	Management of post transplant complications	Dr. Majid Mukadam Tranplant Surgeon Birmingham UK.
4.15 - 4.30 pm	TEA BREAK	
SESSION 4		
Infection & Critical Care Management		
4.30 - 5.00 pm	Management of Non – CF Bronchiectasis	Dr. Pooja de Sa San Francisco - U.S.A
5.00 - 5.30 pm	Management of CAP, HAP & VAP	Dr. Aashit Hegde
5.30 - 6.00 pm	Management of Lung Abscess and Empyema	Dr. Rajesh Sharma
6.00 - 6.30 pm	Ultrasound in ICU	Dr. Muhbeen Shaikh
6.30 - 7.00 pm	ECMO - Simplified	Dr. Deepesh Agarwal

DAY 3 - 16TH DECEMBER 2018

SESSION 1		
PULMONARY HYPERTENSION		
9.00 - 9.30 am	Evaluation & Management of Pulmonary Hypertension	Dr. Deborah Levine - University of Texas San Antonio - USA
9.30 - 10.00 am	Pulmonary Vasodilators in India - Need to draw the line	Dr. Ruchit Shah
10.00 - 10.30 am	Pulmonary Embolism - The Thrombolysis Dilemma	Dr. Nimit Shah
10.30 - 11.00 am	Imaging in Pulmonary Embolism	Dr. Himanshu Choudhary
11.00 - 11.15 am	TEA BREAK	
SESSION 2		
TUBERCULOSIS		
11.15 -- 11.45 pm	Molecular Diagnostics in 2018	Dr. Geeta Natarajan
11.45 - 12.15 pm	Design a Regimen for DRTB - Combining Guidelines & Real World	Dr. Amita Nene
12.15 - 12.45 pm	"Therapeutic Drug Monitoring : An underutilized strategy in TB"	Dr. Mehul Shah
12.45 - 1.15 pm	Role of Surgery in MDR TB	Dr. Amol Bhanushali
1.15 - 1.45 pm	LUNCH BREAK	
SESSION 3		
LUNG CANCER		
1.45 - 2.15 pm	Lung Cancer Staging - Impact on Treatment	Dr. M.M.Basade
2.15 - 2.45 pm	Robotic Lung Surgery	Dr. Kamran Khan
2.45 - 3.15 pm	Advances in Lung Cancer Chemotherapy	Dr. Sujata Vasani
3.15 - 3.45 pm	Nuclear Medicine Imaging in Lung Disease	Dr. Suman Jangra
3.45 - 4.00 pm	Valedictory Function & Prize Distribution Function followed by High Tea	

Proudly Presents

10th International Conference on "Pulmonology"

A multi-disciplinary approach to diseases of the "Pulmonology"

On 14th, 15th & 16th December, 2018

Venue	: Saifee Hospital Auditorium
14th Dec 2018	: 3.00 pm - 7 pm (Followed by Inauguration Ceremony)
15th Dec 2018	: 9.00 am - 7 pm (Followed by - Banquet)
16th Dec 2018	: 9.00 am - 4 pm (Followed by - Closing Ceremony)

Organizing Committee

Chairperson : Dr. Ahmed Khapra (Hon. Chief Executive Officer),
Dr. V. P. deSa (Director - Medical Affairs, Clinical Compliance & Governance)
Mr. Huzaifa Shehabi (Chief Operating Officer)
Dr. Iqbal Bagasrawala (Associate Director Medical Affairs)
Dr. A. R. Undre (Emeritus Prof & HOD - Surgery)

Convenor : Dr. Mehul Shah & Dr. Unmil Shah

Co-ordinators : Dr. Vikas Palkar, Dr. Rajesh Sharma, Dr. Shailesh Jain & Dr. Jeenam Shah

Correspondence Address

International Conference on "Pulmonology"
Saifee Hospital
15/17 Maharshi Karve Marg, Opp Charni Road Station (East), Mumbai - 400 004

CONFERENCE MESSAGE

Pulmonary disease mostly develops as a combination of abnormalities in different components of the lung including the airway, airspaces, interstitium and blood vessels causing a large variety of ailments both acute and chronic.

Studies have shown that reduced lung function is also one of the major risk factors for cardio vascular disease including Myocardial Infarction, Heart Failure and Sudden Death.

Patients suffering from COPD develop adverse consequences which affect their quality of life and is aggravated due to repeated exacerbations and hospitalizations leading to premature mortality.

30 – 50% of COPD deaths are due to underlying Cardio Vascular Disease.

In our country we face the immense challenge of identifying and treating Pulmonary Tuberculosis which is the world's deadliest disease and is spreading like wild fire. The spread of TB is largely due to unhealthy living conditions, malnutrition, increasing numbers of TB patient's are also immunocompromised.

Ending this deadly disease requires maintaining and strengthening diagnostic practices and increasing efforts to identify and treat latent TB.

Extremely drug resistant TB represents a major threat to Global TB control and is currently estimated to be approximately 6.2% of all MDR TB cases.

In 2017, 10 million new patients were infected with Tuberculosis and 1.3 million patients died due to TB world wide.

The regulatory role of TB cell has opened the door for maintaining a balance between immunology and destructive disease pathology which creates a huge opportunity for future research.

ARDS occurs in critically ill patients and etiologically we see more patients in the mild category in India. "Lung Safe" observational studies assessed the data from 459 Intensive Care Units world wide which identified that 2,813 patients were meeting the criteria for ARDS.

The American Association Of Chest Physicians has listed Lung Cancer as the leading cause of cancer world wide. A majority of the patients are diagnosed with incurable disease due to delay in seeking treatment and other concomitant factors.

With this highly focused menu of topics at this International Conference on diseases of the Lung we are confident that the delegates will benefit by gaining knowledge from experts in Pulmonology & Critical Care.

On behalf of Saiffee Hospital I would like to compliment the team consisting of our young Pulmonologists Dr. Unmil & Dr. Mehul Shah under the able leadership of Dr. A. R. Undre for their untiring efforts in making this conference a success.

Looking forward to your active participation.

Dr. V. P. de Sa

Director - Medical Affairs, Clinical Compliance & Governance
 Saiffee Hospital

INTERNATIONAL FACULTY

Dr. Deborah Jo Levine 

Dr. Ketan Buch 

Dr. Majid Mukadam 

Dr. Pooja P. de Sa 

Dr. Richard Morehead 

Dr. Rolando Berger 

NATIONAL FACULTY

Dr. Ashok Mahashur

Dr. Amita Athawale

Dr. Apar Jindal -Chennai

Dr. Aashit Hegde

Dr. Amita Nene

Dr. Amol Bhanushali

Dr. Bhavin Jankharia

Dr. Deepesh Agarwal

Dr. Geeta Natarajan

Dr. Himanshu Choudhary

Dr. Jyotsana Joshi

Dr. Kumar Doshi

Dr. Kamran Khan

Dr. Mehul Shah

Dr. M. M. Basade

Dr. Muhbeen Shaikh

Dr. Nitin Abhyankar

Dr. Nimit Shah

Dr. Prashant Chhajer

Dr. Prahlad Prabhudesai

Dr. Pradeep Vaideshwar

Prof. Dr. R. D. Lele

Dr. Ravindra Mehta

Dr. Rajeev Mehta

Dr. Rajesh Sharma

Dr. Ruchit Shah

Dr. Sujeet Rajan

Dr. Sujata Vasani

Dr. Suman Jangra

Dr. Unmil Shah

DAY 1 - 14TH DECEMBER 2018

Timing	Topic	Speaker
SESSION 1		
Obstructive Airway Diseases		
3.00 - 3.30 pm	Inauguration	 Prof. Dr. R.D.Lele
3.30 - 4.00 pm	Management of Acute Severe Asthma	 Dr. Rolando Berger University of Kentucky - USA
4.00 - 4.30 pm	Pharmacotherapy in Asthma - Focus on GINA Step 5	 Dr. Ashok Mahashur
4.30 - 5.00 pm	Current Management of COPD	 Dr. Sujeet Rajan
5.00 - 5.30 pm	Allergic Bronchopulmonary Aspergillosis (ABPA)	 Dr. Amita Athawale
5.30 - 5.45 pm	 TEA BREAK	
SESSION 2		
Sleep Medicine		
5.45 - 6.15 pm	Diagnosis of OSA - Challenges and Pitfalls	 Dr. Jyotsana Joshi
6.15 - 6.45 pm	Whats new in OSA management	 Dr. Prahlad Prabhudesai
6.45 pm onwards	Poster Presentation	

DAY 2 - 15TH DECEMBER 2018

SESSION 1		
Interstitial Lung Diseases		
9.00 - 09.30 am	Current Management of IPF	 Dr. Richard Morehead Professor Veterans Hospital, University of Kentucky - USA
09.30 - 10.00 am	Hypersensitivity Pneumonitis	 Dr. Ketan Buch Professor of Internal Medicine, University of Kentucky - U.S.A
10.00 - 10.30 am	Sarcoidosis – Challenges in Diagnosis & Management in India	 Dr. Kumar Doshi
10.30 - 11.00 am	ILD patterns on CT - Practical approach	 Dr. Bhavin Jankharia
11.00 - 11.30 am	Lung Pathology	 Dr. Pradeep Vaideshwar
11.30 - 11.45 am	 TEA BREAK	
SESSION 2		
Interventional Pulmonology		
11.45 - 12.15 pm	EBUS TbnA– The Standard Approach	 Dr. Unmil Shah
12.15 - 12.45 pm	Medical Thoracoscopy	 Dr. Nitin Abhyankar
12.45 - 1.15 pm	Management of Central Airway Obstruction	 Dr. Prashant Chhajer
1.15 - 1.45 pm	Cryotherapeutics - Cold is the new Hot	 Dr. Ravindra Mehta
1.45 - 2.15 pm	Approach to solitary pulmonary nodule	 Dr. Rajeev Mehta
2.15 - 2.45 pm	 LUNCH BREAK
